Legal Ethics and Privacy in Cloud Computing

Friday, November 11, 2011

12:00 PM to 12:55 PM

Room 190

University of Denver - Sturm College of Law
2255 East Evans Avenue, Denver, Colorado 80208

Seminar – Lunch Provided

Synopsis: An attorney's duties of confidentiality and competence require the attorney to take appropriate steps to ensure that his or her use of technology in conjunction with a client's representation does not subject confidential client information to an undue risk of unauthorized disclosure. Because of the evolving nature of technology and differences in security features that are available, the attorney must ensure the steps are sufficient for each form of technology being used and must continue to monitor the efficacy of such steps.
